ACADEMICS

STRENGTHS	AREAS FOR IMPROVEMENT	
Demonstrates strong comprehension skills and consistently engages with texts at a deep and thoughtful level.	I would like to see more non-fiction texts over the next couple of months. If fiction texts are read, they should be novels (chapter books).	READING
Expresses ideas clearly and is now familiar with the writing process.	Developing using figurative language in writing. Learning to expand and enhance simple sentences.	WRITING
Shows confidence in solving problems and applies mathematical reasoning with accuracy and persistence.	Could strengthen skills by tackling more advanced, multi-step problems that require deeper reasoning.	MATH
Thinks critically about scientific concepts and contributes meaningful perspectives during discussions.	Has room to grow by designing and conducting independent investigations to apply scientific thinking.	SCIENCE & SOCIAL STUDIES
